

Parent/Guardian Internet Resources

The Cameron Parish School Board is pleased to provide Internet based resources for parents or guardians. This web site can help a parent or guardian keep track of their child's grades, discipline, attendance, and transcript information.

Parent Command Center

The Parent Command Center web site shows information **only** for the parent or guardian's child in the following areas:

- Student Attendance
- Student Discipline
- Student Grades
- Student Transcripts

The web site can be accessed by going to www.camsch.org, then clicking on the "Parents/Student" link, then click on "Parent Command Center Link."

Parent Command Center Directions

Step 1:

If you have not done so already, confirm your first name, last name, relationship to child (father, mother, guardian), last 5-digits student Social Security Number of your child/children, and zip code with your school(s).

Step 2:

Once the information has been confirmed, go to www.camsch.org and click the "Parent/Student" link. On the next page, click the "Parent" Command Center link.

Step 3:

Click on "Register a New User". Enter your relationship to the student, (father, mother, guardian), your first name, last name, last 5 digits of student Social Security Number (PSN) of your child, and zip code exactly as turned into the school(s). Click submit. Create and write down your login and password. Complete step #3 for each child if you have more than one child enrolled. The login and password must be different for each child.

Step 4:

Try your login and password. Click on the child's name, and then click the links to see current Attendance, Discipline, Grade Averages, Progress, and Transcript information.

DATE	EVENT	Result	Time
10/1/2007	Starks vs. Grand Lake High (Junior High) Basketball	-	TBA

10/4/2007	South Cameron High (JV) at Merryville Football	-	TBA
10/5/2007	Merryville vs. South Cameron High* (Homecoming) Football	-	7:00 PM

Troubleshooting – Notes:

I can't create a login: Make sure you are using the first name, last name, zip code, and 5-digit Social Security Number given to the school. If you sure it is correct, contact the school(s) to verify.

I don't see my child enrolled at the school: Make sure your first name, last name, zip code, and 5-digit Social Security Number given to the school. If you sure it is correct, contact the school(s) to verify.

Will other people see my child's information on the Internet? No. Parents and Guardians see only the information for their own child.

Do the schools have access to my account? No. Only the person who creates the account will know the login and password.

How often is the Parent Command Center information updated? When information is entered by the school, it is posted at midnight, then available in the Parent Command Center.

I don't have Internet at my home. What can I do? The Cameron Parish Library has Internet-connected computers for use by the public at its main location and at branch libraries throughout the parish.

Father's Information

First Name: _____

Last Name: _____

Relationship to the student: _____

Zip Code: _____

Mother's Information
