Title 28 EDUCATION

Part CXXXI. Bulletin 746—Louisiana Standards for State Certification of School Personnel

Chapter 1. Introduction

§101. Purpose

A. Certification is a licensing process whereby qualified professionals become legally authorized to teach or to perform designated duties in K-12 schools under the jurisdiction of the Board of Elementary and Secondary Education (BESE). The certification process provides a systematic and nondiscriminatory procedure for the credentialing of teachers and other school personnel.

B. Certification policies and statutes are designed to identify and support high quality teachers in all Louisiana classrooms; promote higher standards in the teaching profession; and provide for growth and development of the teaching profession. The Louisiana Department of Education (LDE) implements and maintains teacher certification procedures as mandated by legislation and BESE policy.

C. Certification policies are adopted and implemented in a manner, and with a timeline, that allows for smooth transition from old to new requirements. Any certification change made by the BESE shall include implementation dates to be specified at the time of recommendation to the BESE for action. In particular, changes in Praxis exam scores will allow for a 12-month period from the date of adoption by the BESE to the effective date.

D. When revised certification policy requirements necessitate a program change at the college level, a notice shall be given to those institutions of higher education that have teacher preparation programs so that catalogs can be revised and incoming freshman can be notified of the changes.

E. This bulletin will serve as a reference for current state policy relative to initial certification and to certification endorsement options for those who wish to become teachers, those who are practicing teachers, personnel from both school districts and institutions of higher education, and anyone else who may seek certification assistance.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), (11), and (15), R.S. 17:7(6), R.S. 17:10, R.S. 17:22(6), R.S. 17:391.1-391.10, and R.S. 17:411.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 32:1782 (October 2006), amended LR 43:1290 (July 2017).

Chapter 2. Initial Teacher Certification

Subchapter A. Teacher Certification Areas and Required Competencies

§201. Overview

A. *Louisiana Revised Statute 17:7* provides for the duties, functions, and responsibilities of the Board of Elementary and Secondary Education (BESE). Specifically, 17:7(6)(a)(i) states that BESE shall prescribe qualifications and provide for certification of teachers in accordance with applicable law, and that such qualifications and requirements shall ensure that certification shall be a reliable indicator of minimum current ability and proficiency of the teacher to educate at the grade level and in the subject(s) to which the teacher is assigned.

B. The Louisiana competencies for initial teacher certification define what a teacher candidate must know and be able to do in order to be eligible for certification upon completion of a BESE-approved teacher preparation program. They represent the knowledge and skills needed for teacher candidates to successfully transition to teaching, as determined by content experts, elementary and secondary educators, and postsecondary education leaders. The competencies set forth what teacher candidates should be taught; preparation providers and their school system partners should determine how the competencies should be developed through quality practice experiences that include, at minimum, a year-long residency as defined in Bulletin 996.

C. When a candidate has successfully completed a state-approved program that develops and assesses mastery of these competencies and met state testing and grade point average certification requirements, the program provider recommends the candidate for certification.

NOTE: The LDE will accept no final grade below a "C" in coursework within the approved undergraduate program, with the exception of the general education requirements. All coursework used for certification purposes must be for regular credit and not of a remedial or developmental nature.

Educational leader practitioner program providers must submit a program proposal to the Louisiana Department of Education, Division of Certification and Preparation. Programs will be reviewed for adherence to program guidelines, and those meeting guidelines will be recommended to the Board of Elementary and Secondary Education for approval status. The educational leader practitioner program is a streamlined certification path that combines intensive coursework and practical, on-the-job experience.

1. Admission to the Program. Program providers work with local educational agency or state/district-approved charter school personnel to identify educational leader practitioner program candidates who will be employed by the local educational agency or approved charter school (hereinafter referred to as hiring authority). For admission, candidates must:

d. meet other non-course requirements established by the approved leader practitioner program:

i. candidates will be chosen using a rigorous selection process designed to determine the potential of candidates as school leaders. The screening process for each cohort will involve a multi-phase process that includes, as a minimum, a written application, recommendations, and interviews.

2. Leader Preparation (First Session)

a. All leader practitioner candidates will participate in an initial institute training that will build skills in the areas of instructional, organizational, and personal leadership. The standards for educational leaders in Louisiana will serve as the basis of the curriculum. The institute will provide a balanced curriculum that includes learning opportunities grounded in practical experience, theory, and research. Topics to be addressed include but are not limited to the following: leading with a vision, using data to lead school improvement, creating and leading effective school teams, building a high-performance learning culture and professional learning communities, and leading and learning with technology.

acquired knowledge and skills will be utilized in the planning of residency experiences with a residency supervisor, who is assigned by the program provider. In addition, participants will begin developing their portfolio and educational leadership development plan.

b. The initial session will include a minimum of 135 contact hours (or 9 credit hours).

3. Principal Residency and Support (School Year)

a. Candidates assume positions as administrative interns (with responsibilities equivalent to that of an Assistant Principal). The hiring authority pays the candidate's salary.

Hiring authorities and providers will collaborate to identify appropriate site for placement of an intern at a school and with a strong principal who serves as the school-based mentor. Additionally, the provider identifies and trains principal coaches (e.g., former principals, retired principals) who support one or more candidates.

4. Leader Preparation (Second Session)

a. All leader practitioner candidates will participate in a follow-up institute training that will continue to build skills in the areas of instructional and organizational leadership. The *Standards for Educational Leaders in Louisiana* will serve as the basis of the curriculum. The institute will provide a balanced curriculum that includes learning opportunities grounded in practical experience, theory, and research. Topics to be addressed include but are not limited to the following: leading a focused drive toward student achievement, organizing the learning environment, and ethical leadership. In addition, program participants will finalize their portfolio and educational leadership development plan.

Program providers, mentor principals, and principal coaches form teams to review mid-year performance of practitioner leaders and determine the extent to which the practitioner leader has demonstrated educational leadership proficiency. If weaknesses are cited, teams will identify additional types of support to address areas of needs.

b. Program providers, mentor principals, and principal coaches form teams to review end-of-program performance of practitioner leaders and determine the extent to which the aspiring leader has demonstrated educational leadership proficiency and readiness for the Educational Leader Level 1 certification.

6. Total Hours Required. Minimum of 330 contact hours of coursework (22 credit hours) and minimum of 125 days serving as practitioner leader (administrative intern).

7. Passage of School Licensure Exam. Have a passing score on the School Leaders Licensure Assessment (SLLA) in accordance with state requirements.

8. Program requirements must be met by the end of the second session. For certification purposes, approved providers will submit signed statements to the Department of Education indicating that the student completing the Educational Leader Practitioner Program performance-based certification path met the following requirements:

As a unit of measure, the CLU is used to quantify an educator's participation in a district- or system-approved, content-focused professional development activity aligned with the educator's individual professional growth plan.

a. Educators may earn one CLU for each clock hour of active engagement in a high quality professional development activity approved by the employing authority. Each educator is responsible for maintaining required documentation and for reporting earned CLUs in a manner

prescribed by the employing authority. Earned CLUs transfer across local education agencies (LEAs).

b. An educator who holds a level 2* or level 3* professional license is responsible for maintaining documentation regarding acquisition of 150 CLUs for purposes of renewal and for completing the necessary paperwork every five years to renew his/her license. Subchapter A. The Educational Leadership Certificate

§703. Introduction

A. The educational leadership certification structure provides for four levels of leader certification: teacher leader; educational leader level 1; educational leader level 2; and educational leader level 3. The teacher leader certificate is an option for a teacher to be identified as a teacher leader; it is not a state required credential for a specific administrative position. The educational leader level 1 certificate is an entry-level certificate for individuals seeking to qualify for school and/or district leadership positions (e.g., assistant principals, principals, parish or city supervisors of instruction, supervisors of child welfare and attendance, special education supervisors, or comparable school/district leader positions). An individual moves from a level 1 to a level 2 certificate after successfully meeting standards of effectiveness for three years pursuant to Bulletin 130 and R.S. 17:3902, and completing the required years of experience. The level 3 certificate qualifies an individual for employment as a district superintendent.

B. Educational leadership preparation programs and induction programs are aligned with the following state and national standards:

1. standards for educational leaders in Louisiana;
2. Interstate School Leaders License Consortium [ISLLC] standards for school leaders; and
3. Educational Leadership Constituent Council [ELCC] standards for advanced programs in educational leadership, the standards used by the National Council for the

Accreditation of Colleges of Teachers Evaluation [NCATE] for university program reviews.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), (11), and (15), R.S. 17:7(6), R.S. 17:10, R.S. 17:22(6), R.S. 17:391.1-391.10, and R.S. 17:411.

The board may receive such information and may order reinstatement of the teacher or administrator certificate.

Individuals who do not hold a current Louisiana teaching/educational leadership certificate or who do not hold a Louisiana teaching/educational leader certificate and who have been found to have participated in cheating in the administration of standardized tests shall be reported to the National Association of State Directors of Teacher Education and Certification (NASDTEC) Clearinghouse by the LDE. Such individuals will be notified per the process outlined in this Section.

Chapter 11. State Guidelines Related to Qualifications for Paraprofessionals and Continuing Learning Units

§1101. General Provisions

A. This Chapter is divided into two sections:

1. paraprofessional qualifications; and
2. continuing learning units (CLUs)

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:6(A)(10), (11), and (15), R.S. 17:7(6), R.S. 17:10, R.S. 17:22(6), R.S. 17:391.1-391.10, and R.S. 17:411.

HISTORICAL NOTE: Promulgated by the Board of Elementary and Secondary Education, LR 33:2053 (October 2007), amended LR 43:1315 (July 2017).

§1103. Highly Qualified Policy for Teachers

A. The requirement that teachers be highly qualified applies to any public elementary, middle, or secondary school teacher. The Louisiana Department of Education (LDE) is the state agency/entity responsible for prescribing qualifications and providing for the certification of teachers under authority of R.S. 17:7.1.

B. The Louisiana Department of Education collaborated with the Board of Elementary and Secondary Education and the Board of Regents on state activities under the No Child Left Behind (NCLB) Act of 2001 related to "highly qualified teachers." All teachers hired on or after the first day of the 2002-2003 school year to work in programs supported by Title I funds and who teach core academic subjects must be highly qualified. Under NCLB, all teachers of core academic subjects must have met highly qualified status by the end of the 2005-2006 school year.

C. **Statutory Requirements for Certification.** To obtain initial Louisiana certification, an individual must hold at least a baccalaureate degree, have earned a minimum grade point average of a cumulative 2.50, and have demonstrated subject knowledge and teaching skills in the certification area by passing rigorous exams required in Louisiana.

D. **Academic Major.** In Louisiana, for the purpose of NCLB, teachers who completed an academic content major are highly qualified in that content area.

E. **Advanced Certification.** For the purpose of NCLB, Advanced Certification is defined as having a master's degree or higher degree in the content area. Teachers who have highly qualified status under this option must meet all applicable state laws.

F. **Advanced Credentialing.** Advanced Credentialing is defined as successful completion of a rigorous credentialing

process that is based on a high objective uniform standard. The National Board of Professional Teaching Standards uses a process for certifying its candidates that meets this standard.

G. **Applicability.** The requirement that teachers be highly qualified applies to all public elementary and secondary school teachers assigned to core academic subjects. Special education teachers providing instruction in core academic areas, including those who teach students identified as academically gifted, must also meet highly qualified requirements.

H. **Core Academic Subjects.** As defined in the mandate, core academic subjects are English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography. Louisiana defined "arts as a core academic subject" to include all secondary visual and performing arts courses for which Carnegie units (high school credits) are awarded.

I. Standard Teaching Certificates

1. Louisiana issues standard teaching certificates to persons who have completed a state-approved teacher education program (traditional or alternate approach) and who earned a degree from a regionally accredited institution of higher education or an approved private provider. See Chapter 3 of this bulletin for a description of the following teaching authorizations:

- a. Level 1 Professional Certificate;
- b. Level 2 Professional Certificate;
- c. Level 3 Professional Certificate;
- d. Type C Certificate;
- e. Type B Certificate;
- f. Type A Certificate; and
- g. Out-of-State Certificate.

2. For a complete description of the Practitioner Licenses (PL1, PL2, PL3, and PL4) issued by the state to persons enrolled in a state-approved alternate teacher education program, see Chapter 3 of this bulletin. Because alternate routes meet requirements established in the federal mandate, teachers who meet admission criteria for alternate program enrollment are identified as highly qualified.

J. Nonstandard Teaching Certificates

1. See Chapter 3 of this bulletin for a description of nonstandard teaching authorizations, as follows:

- a. Temporary Authority to Teach;
- b. Out-of-Field Authorization to Teach; and
- c. Temporary Employment Permit.

2. Teachers holding a temporary certificate do not meet the NCLB "highly qualified teacher" definition because they have not demonstrated subject matter competency under NCLB legislation.

K. Technical Assistance and Support. The Louisiana Department of Education provides technical assistance and support to local education agencies to ensure faithful implementation of the NCLB mandate. Technical assistance and support includes but is not limited to the following activities:

1. providing each candidate on a temporary license with a "feedback sheet." A certification specialist or certification counselor who receives the request for certification evaluates the transcripts (if available) and prepares a feedback sheet, based on the information submitted to the state by the district representative;

2. monitoring of certification folders per the NCLB consolidated monitoring process;

3. collaborating with the Board of Regents (BOR) and college/university personnel to determine ways college/university programs might assist the state by addressing areas of need (e.g., if special education programs are needed in certain geographic areas, SDE staff will collaborate with university personnel and BOR to facilitate provision of such programs);

4. prescribing the shortest route to certification, handled at the state level by certification specialists and at the local level by certification counselors;

5. using a two pronged approach to recruit candidates to pursue teaching as a career:

- a. a human resources component, through the regional certification counselors;

- b. a technological component, through the Teach Louisiana website at www.teachlouisiana.net.

L. Louisiana Definition: Highly Qualified Teacher. For purposes of NCLB Highly Qualified requirements, a "new" teacher is defined as an individual who is who is new to the teaching profession. D. Louisiana Pathways for Paraprofessionals to Meet Federal Requirements. The U.S. Department of Education specifies that paraprofessionals should be able to demonstrate knowledge of and the ability to assist in instruction in the areas of reading, writing, and math, or in "school readiness." Paraprofessionals are expected to have a working knowledge of these academic areas. Louisiana offers all paraprofessionals three ways to meet federal requirements.

1. **State Test.** A paraprofessional who passes the Educational Testing Service (ETS) para-pro assessment will meet state and federal requirements to be classified as a "highly qualified paraprofessional." A paraprofessional who is "not new to the profession" who passes the ACT work keys assessment and who has successful observations will meet state and federal requirements to be classified as a "highly qualified paraprofessional."

2. **Two Years of Full-Time Study (48 Semester Credit Hours).** State, district, and post-secondary education personnel collaborated in identifying course requirements for paraprofessionals (within a state approved institution of higher education) that would assist paraprofessionals when instructing students in the areas of reading, writing, math, and

school readiness.

3. Associate Degree. State, district, and post-secondary education personnel collaborated in identifying course requirements for paraprofessionals (within a state-approved institution of higher education) that would assist paraprofessionals when instructing students in the areas of reading, writing, math, and school readiness.

E. State-Approved Institutions of Higher Education. State-approved higher education institutions may offer coursework to paraprofessionals. To be approved by the state, institutions must be accredited by a nationally recognized accrediting entity or granted pre-accreditation status. Newly developed public institutions that are formally seeking accreditation through the Southern Association for Colleges and Schools may obtain pre-accreditation status from the state. A list of approved institutions is available from the Department of Education upon request.

F. Louisiana Definition: Highly Qualified Paraprofessional

1. New to the Profession. A paraprofessional must satisfy one of the following:

- a. passed the ETS para-pro assessment;
- b. has 2 years of full-time study (48 semester credit hours) from the recommended list of state-approved institutions of higher education or from a regionally accredited institution(s) of higher education. A total of 15 hours of general education course requirements include English composition (3), English/reading (6), and mathematics (6). For the remaining 33 hours of coursework, acceptance of credit for a course shown on a transcript from an approved higher education institution is left to school district discretion in addressing the needs of the specific job;
- c. has associate of arts or associate of applied science degree from a state-approved or regionally-accredited institution of higher education.

2. Not New to the Profession. A paraprofessional must satisfy one of the following:

- a. passed the ETS para-pro assessment;
- b. has 2 years of full-time study (48 semester credit hours) from the recommended list of state-approved institutions of higher education or from a regionally accredited institution of higher education. A total of 15 hours of general education course requirements include English composition (3), English/reading (6), and mathematics (6). For the remaining 33 hours of coursework, acceptance of credit for a course shown on a transcript from an approved higher education institution is left to school district discretion in addressing the needs of the specific job;
- c. has associate of arts or associate of applied science degree from a state-approved or regionally-accredited institution of higher education;
- d. has successfully completed the ACT, Inc., work keys skills assessments and on-the-job observation.

G. Curriculum-based Pathways for Paraprofessionals. General education and teacher preparation coursework must address the K-12 state content standards, Louisiana components of effective Teaching, National Council for the Accreditation of Teacher Education (NCATE) standards, and Praxis expectations. In addition to the ETS para-pro assessment, the state specified three curriculum-based pathways for paraprofessionals to meet federal requirements, as follows:

- 1. total of 48 credit hours:
 - a. general education courses—15 semester hours:
 - i. English composition—3 hours;
 - ii. English/reading—6 hours;
